In the instant that Junior had shoved Naomi into the rotted railing, he had foreseen this visit from Rudy, Sheena, and Kaitlin. He'd known he could pretend to be offended at the state's offer to put a price on his loss, could feign revulsion, could resist convincingly--until gradually, after grueling days or weeks, he reluctantly allowed the indefatigable. With the uniformed troopers was a stocky, late-fortyish, brush-cut man in black slacks and a gray herringbone sports jacket. His face was almost pan flat, his first chin weak, his second chin stronger than the first, and his function unknown to Junior. He would have been the least likely man to be noticed in a ten-thousand-man convention of nonentities, if not for the port-wine birthmark that surrounded his right eye, darkening most of the bridge of his nose, brightening half his forehead, and returning around the eye to stain the upper portion of his cheek. Besides, the possibilities repulsed him. The very thought of a splendid-looking woman like Victoria submitting to a grotesque like Vanadium would have withered his soul if he had possessed a soul. "Miss White," he continued, still facing the window, "not long before you arrived in surgery this morning, your sister died on the table. We hadn't delivered the baby yet, and perhaps couldn't have done so, by cesarean, in time to prevent brain damage, so for both the sake of the mother and child, heroic efforts were made to bring Phimie back and ensure continued circulation to the fetus until we could extract it." Alarm contacts gleamed in the header, but the system wasn't currently activated. The wine tasted bitter, but Celestina knew that it was sweet. The bitterness was in her, not in the legacy of the grape. With a sigh, Obadiah differed: "Not clever. Crude. Before my hands became these great-knuckled lumps, I could have dazzled you." Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. It proceeds by depriving the old stories of their intellectual and ethical complexity, turning their action to violence, their actors to dolls, and their truth-telling to sentimental platitude. Heroes brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Profoundly disturbing moral choices are sanitized, made cute, made safe. The passionately conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable. By the time he arrived at his apartment, Junior could think of no better action to take, so he phoned Simon Magusson, his attorney in Spruce Hills. Holding on to the jamb with one hand, Barty leaned across the threshold, listening to the day. Birds. Softly rustling leaves. Nobody on the porch. Even trying hard to be quiet, people always made some little noise. He assumed that she hadn't phoned the police to make a formal report. No need to go out of her way to slander Junior when Thomas Vanadium had been prowling the hospital at all hours of the day and night, ready to lend an ear to any falsehood about him, as long as it made him appear to be a sleazeball and a wife killer. Glass in the door next to Agnes cracked, dissolved. Pebbly blacktop like a dragon flank of glistening scales hissed past the broken window, inches from her face. Sitting forward in his armchair, Obadiah lowered his hands to his knees, and in thoughtful silence, he stared at them. To achieve certain narrative effects, I've fiddled slightly with the floor plan and the interior design of St. Mary's Hospital in San Francisco. In this story, the characters who work at St. Mary's are fictional and are not modeled after anyone on the staff of that excellent institution, either past or present. Third, Celestina had a daughter. Not a boy named Bartholomew. Seraphim's baby had been a girl. Named Angel. This confused Junior as much as it stunned him. Junior didn't slow as he passed the house, but circled the block and drove by the place again. Abruptly, Junior Cain turned away from the tower, from the body of his lost love, dropped to his knees, and vomited. Vomited more explosively than he had ever done in the depths of the worst sickness of his life. Bitter, thick, grossly out of proportion to the simple lunch that he had eaten, up came a dreadfully reeking vomitus. He was untroubled by nausea, but his abdominal muscles contracted painfully, so tightly that he thought he would be cinched in two, and up came more, and still more, spasm after spasm, until he spewed a thin gruel green with bile, which surely had to be the last of it, but was not, for here was more bile, so acidic that his gums burned from contact with it--Oh God, please no--still more. His entire body heaving. Choking as he aspirated a piece of something vile. He squeezed his watering eyes shut against the sight of the flood, but he could not block out the stench. In those days they had no fixed names for the various kinds and arts of magic, nor were the connections among those arts clear. There was--as the wise men of Roke would say later--no science in what they knew. But Hound knew pretty surely that his prisoner was concealing his talents. The nurse raised her eyes from Agnes to this other person. "Yes a chip of ice would be all right." The telephone rang, putting an end to their chat, but Agnes would remember the substance of it later that year, on the day before Christmas, when Barty took a walk in the rain and changed forever his. In the car again, a block from home, Barty said, "Maybe you could just not tell Uncle Edom and Uncle Jacob until Sunday night. They won't handle it real well. You know?" As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged. The moon shimmered, and the stars blurred--but only briefly, for her devotion to this boy was a fiery furnace that tempered the steel of her spine and brought a drying heat to her eyes. Without Franklin Chan's full approval but with his complete understanding, Agnes took Barty home. On Monday, they would return to Hoag Hospital, where Barty would receive surgery on Tuesday. Shifting the Suburban out of park, Wally said, "I didn't know Baptists indulged in wagering."
