THE COFFEE HAD SIMMERED long enough to turn slightly bitter. By the time she sampled her third. Marcia Quarrey, the Director of Commerce and Economic Policy, didn't look too happy at the suggestion as she sipped her cocktail. "Obviously that would be possible," she said, setting down her glass. "But would it serve any useful purpose? The contingency plans were made to allow for the possibility of opposition. Well, there hasn't been any opposition. What's the sense in throwing good business and growth prospects away by provoking hostilities needlessly? We can acquire Franklin simply by walking in. We don't have to make a demonstration out of it." "Yes," Sal replied. "Forty years ago this was just a few domes and a shuttle port. The main base that you came in through was only built about ten years ago. Back in the early days, the Founders started changing the designs that had been programmed into the Kuan-yin's computers, and the machines did their best to comply." She sighed. "And this is what it ended up like. We could change it, of course, but most people seem to prefer it the way they've always known it. There 'were some ghastly mistakes at times, but at least it taught us to think things through properly early on in 'life. Paul Lechat paced back and forth in agitation across the lounge of the Fallowses' apartment in Cordova Village. "I didn't think the Chironians would go that far." he said. "I thought they would react only against direct violence. Why couldn't they

have just let everything die a natural death?". Just over four square miles but irregular in outline, Phoenix included most of Canaveral City with its central district and military barracks, the surrounding residential complexes such as Cordova Village that housed primarily Terrans, and a selection of industrial, commercial, and public facilities chosen to form the nucleus of a self-sufficient community. In addition an area of ten square miles of mainly open land on the side away from Franklin was designated for future annexation and development. Transit rights through Phoenix were guaranteed for Chironians using the maglev between Franklin and the Mandel Peninsula, in return for which Phoenix claimed a right-of-way corridor to the shuttle base, which would be shared as a joint resource.

Then for Sinsemilla's delight, the doom doctor would concoct a. "Ghosts in your head," Bernard said. "Come on, Jerry, you're a scientist. Where's your evidence? Since when have you started believing in things you don't have a shred of anything factual to support?". The propulsion systems master control computer monitored the final stages of phase-down of the burn and shutdown the main-drive reactors. As the huge reaction dish that had contained the force of two tons of matter being annihilated into energy every second for six months began to cool, the ship was nudged gently into high orbit at 25,000 miles by its vernier steering motors and configured itself fully for freefall conditions to become a new star moving across the night skies of Chiron. "Oh, there was something I meant to show you," Sirocco said, shifting his feet from the desk and turning toward the companion. "It come in earlier this evening. Want a laugh?". "Then there's your answer." Suit and pantyhose. His own initiative after receiving conflicting orders from Colonel Wesserman's staff. Sirocco ordered most of the D Company personnel to secure the block against intruders and cordoned off the routes past it toward the outside. He sent Colman with a mixed detachment from Second and Third platoons to aid in whatever way they saw fit. They quickly encountered a squad of SD's who took them in tow to the west gate, a small side entrance to the campus, which was where the action was supposed to be. Colman wanted to post sentries around the motor pool, where several cargo aircraft brought down from the Mayflower II were parked, but he was outranked and told that another SD unit was securing that. Then all the lights went out. "And so smart," Aunt Gen said proudly, as if the girl were her daughter. "Micky, did you know she's got." "There's something for you here," the attendant noted as Lay was turning away. He reached beneath the counter and produced a small cardboard box with Jay's name scrawled on the outside. Following the ramped bed. He is waiting immediately behind the truck when his master arrives. Because too much in life was exactly what it seemed to be: dull, insipid, juvenile, and immature.
