"Oh," Celestina White replied, "yes, every day. I'm currently engaged on an entire series of works inspired by Bartholomew." Slow deep breathing forgotten, gasping like a drowning swimmer, a sudden sweat dripping from his brow, Junior used one foot to prod the fallen man. In early May, he sought self-improvement by taking French lessons. The language of love. As the unwanted change pinged against the concrete at his feet, Junior-snap, snap-saw the source of the next two rounds. They spat out of the vertical pay slot on a newspaper-vending machine; one hit his nose, and the other rang off his teeth. "No," said Vanadium, "you only think you know who I am and what I am, but you don't know anything. That's all right. You'll learn." Possible complications include cerebral hemorrhage, pulmonary edema, kidney failure, necrosis of the liver, coma-to name a few. Nevertheless, Junior was thrilled to hear the name Bartholomew, and to know that the boy of whom Celestina spoke was the Bartholomew of Bartholomews, the menacing presence in his unremembered dream, the threat to his fortune and future that must be eliminated. Although Celestina felt a little paranoid, being so security-minded in this safe neighborhood, nevertheless she searched, out the master control button and engaged the power locks. He'd been a godsend to Celestina, because his love of children and a new sense of fun that he'd discovered in himself were showered on Angel. He was Uncle Wally. Waddling Wally, Wobbly Wally, Wally Walrus, Wally Werewolf. Wally Wit Duh Funny Accents. Wiggle Eared Wally. Whistling Wally. Wrangler Wally. He was Good Golly Wally the Friend of All Polliwogs. Angel adored him, adored him, and he could have loved her no more if she had been one of the sons that he had lost. Overwhelmed by her classes, her waitressing job, her painting, Celestina could always count on Wally to step in to share the child rearing. He wasn't merely Angel's honorary uncle, but her father in all senses except the legal and biological; he wasn't just her doctor, but a guardian angel who fretted over her mildest fever and worried about all the ways the world could wound a child. The reverend said, "I'm sure you underestimate my parishioners, Celestina. They won't be scandalized. They'll open their hearts." surreptitiously with Junior. He was accustomed to being an object of desire. This night, however, the only lady he cared about was San Francisco herself, and he wanted to be alone with her. Behind the dog, Mary walked out of nowhere, ball in hand, and Koko whirled in surprise, and the chase was on again. The bright side was easy to see. If Vanadium's reputation among other cops and among prosecutors was that of a paranoid, a pathetic a after phantom perpetrators, his unsupported belief that Naomi. Above the wainscoting, the walls were Sheetrock, unlike the plaster elsewhere in the apartment. On one of them, Enoch Cain had scrawled Bartholomew three times. She had expected horror, although perhaps not a horror quite as stark as this, and she had also expected to be crushed by it, destroyed, because although she was able to survive any misery that might be visited upon her, she didn't think that she possessed the fortitude to endure the suffering of her innocent child. Yet she listened, and she received the terrible burden of the news, and her bones did not at once turn to dust, though unfeeling dust was what she now preferred to be. In her arms, little Barty burred contentedly, unaware that his destiny supposedly included epic love, fabulous riches, and violence. This philosophy had worked for him previously, but forgetting the aftermath was more difficult when the aftermath was your own poor, torn, severed toe. Your own poor, torn, severed toe was infinitely more difficult to ignore than a busload of dead nuns. He sprang to his feet, or maybe only staggered up, depending on whether his image of himself right now was pulp or real, and surveyed the scene, looking for the bandaged man. A few neighbors crossed the lawn toward Grace, and others approached along the street. But the killer was gone. He was having difficulty focusing his attention on the problem at hand. Through his mind, odd and disconnected thoughts rolled like slow, greasy, eye-of-the-hurricane waves on an ominous sea. Golden lamplight gilded the front windows downstairs. He would sit with Victoria on the living-room sofa, sipping wine as they got to know each other. She might tell him to call her Vicky, and maybe he'd ask her to call him Eenie, the affectionate name Naomi had given him when he wouldn't tolerate Enoch. Soon, they would be necking like two crazy kids. Junior would disrobe her on the sofa, caressing her smooth pliant body, her skin buttery in the lamplight, and then he would carry her, naked, to the dark bedroom upstairs. Junior knew that he looked as guilty as any man had ever looked this side of the first apple and the perfect garden. The sweating, the spasms of violent tremors, the defensive note that he could not keep out of his voice, the inability to look anyone directly in the eyes for more than a few seconds-all were telltales that none of these professionals would overlook. He desperately needed to get a grip on himself, but he couldn't find a handle. Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Ormwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." "Well, with so much on His shoulders, He can't always watch us directly, you know, with His fullest attention every minute, but He's always at least watching from the corner of His eye. You'll be all right. I know you will." Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun. More than once, a passing nurse stopped to check on him and to advise him not to exhaust himself. "Wally," Celestina said, without hesitation, because suddenly she saw something of a Wally in his green eyes, which were livelier than they had been before. "It's all the same. Cars, trains, ships, all the same," Jacob insisted. "You remember the Toya Maru? Japanese ferry capsized back in September '54. Eleven hundred sixty-eight people dead. Or worse, in '48, off Manchuria, God almighty, the boiler exploded on a Chinese merchant ship, six thousand died. Six thousand on a single ship!" After an interminable silence, the detective said, "Do you know what believe about life, Enoch?" "You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?" "Longer to wait between Christmases," she said. "And between birthdays. I'd save a bunch of money on gifts." Because she'd enjoyed some limited use of her right arm, it was less wasted than her left, although not normal. Paul pulled down that sleeve of her pajamas. Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road. Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read. "Not that trains are any better. Look at the Bakersfield crash back in '60. Santa Fe Chief, out of San Francisco, smashed into an oil-tank truck. Seventeen people crushed, burned in a river of fire." Three and a half days had passed since he'd pushed his wife off the tower, and in that time he'd had no

real fun. He was gregarious by nature, never one to turn down a party invitation. He liked to laugh, to love, to live, but he couldn't enjoy life when he must remember at all times to appear bereft and to keep sorrow in his voice..He smiled. "Those of us who were priests first--yeah, we're all a broody bunch. Of the others--not many, but probably more than you think.".Neddy occupied the entire spacious fourth floor of the house. The third and second floors were each divided into two apartments, the ground floor into four studio units, all of which he rented out..In a pocket of his smock was his letter to Reverend Harrison White. He hadn't sealed the envelope, because he intended to read to Perri, his wife, what he'd written, and include any corrections she suggested. In this, as in all things, Paul valued her opinion..San Francisco's pre-Christmas cheer had deserted it. The glow and glitter of the season had given way to a mood as dark and ominous as *The Cancer Lurks Unseen, Version 1*..He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular.".Eventually, dinner over, cleanup finished, when Maria and the uncles had gone, Agnes and Barty faced the stairs together. She followed, holding his cane, which he said he preferred not to use in the house, prepared to catch him if he stumbled..With her brothers, she adjourned to the waiting room, where the three of them sat drinking vending-machine coffee, black, from paper cups..He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley..He was confused initially, frowning at the heart monitor and at the IV rack that loomed over him. When his eyes met Celestina's, his gaze clarified, and the smile that he found for her brought as much light into her heart as the diamond ring he had slipped onto her finger so few hours before..Startled, Celestina said, "Good grief, you're spooky. How could you know what I'm thinking?"
