Phimie must be honored now with laughter instead of with tears, because her life had left Celestina with so many memories of joy and with joy personified in Angel. To fend off tears, she said, "Listen, Clark Kent, we women need our little secrets, our private thoughts. If you can really read my heart this easily, I guess I'm going to have to start wearing lead brassieres." To the windows, then, drawing all the blinds securely down. And still, irrationally, she felt watched. This was tedious work and might cot bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point. Turning in Celestina's lap, Angel said, "Smell," and held the index finger of her right hand under her mother's nose. He raised the lower sash of the tall double-hung window and slipped quietly into the dark kitchen. Because the window served also as an emergency exit, it wasn't set above a counter, and ingress was easy. For a while, leaning forward in his chair and staring at the floor with an intensity and an expression that could not have been inspired by the insipid vinyl tiles, Tom mulled over what she'd told him. Then: "The connection is there, but it's still not entirely clear to me. So he took perverse pleasure in raping her with her father's sermon as accompaniment . . . and maybe without his realizing it, the reverend's message got deep inside his head. I wouldn't think our cowardly wife killer has the capacity for guilt ... although maybe your dad worked a sort of miracle and planted that very seed." The two men detached and rolled up the pleated green skirt that hung from the rectangular frame of the graveyard winch on which the casket was suspended. Green, rather than black, because Naomi loved nature: Junior had been thoughtful about the details of the service. Although she knew how, and

although she knew the pointlessness of asking why, Agnes asked, "Why? Oh, Lord, why must a blind boy climb a tree?". Strangely, as sometimes happened in this room, his missing toe itched. There was no point in removing his shoe and sock to scratch the stump, because that would provide no relief. Curiously, the itch was in the phantom toe itself, where it could never be scratched. Repressing a smirk, feigning a respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery-or, having heard it, didn't recognize it for what it was. In the morning, after Agnes showered and dressed, when she went downstairs, she discovered Barty already at the kitchen table, eating a bowl of cereal while riveted to the book. Finished with breakfast, he returned to his room, reading as he went. Agnes at last relented. "Someday, you're going to have to learn to relax, Maria." "Too few," said Maria, "might mean you made an admirably small number of moral mistakes but also that you failed to take reasonable risks and didn't make full use of the gift of life." Twice would indicate a dangerous mania. Three times would be indefensible. But once was healthy experimentation. A learning experience. A residual tension drained out of Junior. He was somewhat surprised that he had still been concerned about the song. Deciduous black oaks lined the street. All were leafless at this time of year, gnarled limbs clawing at the moon. The galerieur's icy demeanor thawed marginally at this proof of taste and financial resources. He either smiled or grimaced at a vague but unpleasant smell-hard to tell which-and identified himself as the owner, Maxim Coquin. He decided to use the tool just three times on each deadbolt before trying the door. The less noise the better. Maybe luck would be with him. "Where did you hear that expression," she demanded, though she couldn't conceal her amusement. For two years, since finding the quarter in his cheeseburger, Junior had been searching for a metaphysics that he could embrace, that squared with all the truths that he had learned from Zedd, and that didn't require him to acknowledge any power higher than himself. Here it was. Unexpected. Complete. He didn't fully understand the bit about monkeys and barrels, but he got the rest of it, and peace of a sort descended upon him. No elevator. He didn't have to worry that with no more warning than a ding, doors might slide open, admitting witnesses into the hall. "That's correct," Parkhurst said. "Probably one or more small blood vessels ruptured from the extreme violence of the emesis." Since he knew where Celestina would be on January 12, there was no point in taking risks to find her sooner. He had plenty of time to prepare for their encounter, time to savor the sweet anticipation. The dinner guest leaned back into the car, as though to retrieve something. Perhaps he, too, had been considerate enough to bring a small gift for his hostess. The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary. "In the early hours of January seventh," Nolly continued, "Miss White died in childbirth, as you figured." of the deceased. This memorial was modest, neither large nor complicated in design. Nevertheless, often the carvers in this line of business followed days after the morticians, because the stones to which they applied their craft demanded more labor and less urgency than the cold bodies that rested under them. Over many proud generations and at least to the extent of second cousins, no one on either side of Celestina's family had skin of this light color. They were without exception medium to dark mahogany, many shades darker than this infant. make a worrywart life-insurance salesman like me seem just as light hearted as a schoolgirl. Vanadium's vehicle, obviously not an official police sedan, was a blue 1961 Studebaker Lark Regal. A dumpy and inelegant car, it looked as though it had been designed specifically to complement the stocky detective's physique.
